

WebQuest

Connie Porter
Mandeville Junior High School

Website: <http://www.visualscience.info/>

This website was created to help middle school teachers provide instruction that is visual and fun. It was created by Ms. Porter when she was part of the UNO MSP program in 2006. The webpage was created as part of a course Ms. Porter was taking at SELU.

The Editorial Staff of the LATM Journals welcomes contributions of websites that contribute conceptually to students' learning mathematics.
