

Session Presider Volunteers Needed

How can an individual help make this conference a success? Consider volunteering as a session presider. In order to protect the integrity of the CLU program, presidors are responsible for distributing the CLUs to those who attend the entire session. Presider volunteers will be assigned to session(s) of their choosing. Many sessions fill quickly. Presidors have the advantage of being guaranteed a seat at the session for which you have been assigned! Take advantage of this opportunity and volunteer as a session presider. You may volunteer by marking the days available on the presider line of the registration form and/or contact conferencepresiders@gmail.com.

You will be contacted approximately two weeks prior to the conference regarding the session(s) for which you would like to preside. Thank you in advance for your help making this year's LATM Conference a success!
